Georgian Update

Red Emperor Resources NL (ASX: RMP | AIM: RMP) advises that operations are currently suspended on the Mukhiani well with the rig on standby with a skeleton crew as the Company awaits final technical analysis on the well. The Company will provide an update as to the results as soon as they are finalised, which is expected shortly. Upon a decision to move, it is expected the second well in the Georgian exploration program will spud within a 4-6 week period.

For and on behalf of the Board

Greg Bandy
Executive Director

Background

Red Emperor Resources NL (ASX: RMP) is a natural resources exploration company with interests in the frontier state of Puntland, Somalia, the Republic of Georgia and Western Australia.

- In Puntland, Red Emperor holds a 20% working interest in two licences encompassing the highly prospective Dharoor and Nugaal valleys. These two exploration areas cover over 36,000km² and have independently been assessed to potentially contain a combined 19 billion barrels of oil in-place. Red Emperor's joint venture partner and PSA operator Africa Oil Corp. (TSXV: AOI) has signed a contract with a drilling company Sakson Drilling and Oil Services and expects the first well to be drilled in Dharoor in Q4, 2011.
- In the Republic of Georgia, Red Emperor has a 20% working interest in onshore blocks VIa and VIb, covering approx. 6,500km². Joint Venture partner Range Resources Limited (ASX: RRS | AIM: RRL) last year funded a 410km 2D seismic program with independent consultants RPS Energy identifying 68 potential structures containing an estimated 2.045 billion barrels of oil-in-place (on a mean 100% basis). Two wells are to be drilled this year as part of the proposed drill program.
- The Company also has a 25% interest in the Jillewarra Project, a copper and gold project in Western Australia. This interest is free carried through until bankable feasibility study.
